PROFESSIONAL EXPERIENCE

Frontend Developer

Feb 2022 – Dec 2025

Borderless Access Pvt. Ltd.

Bengaluru, India

- Designed and implemented a scalable UI framework with UX teams, resulting in a **25%** performance improvement and a 35% increase in user satisfaction.
- Created and developed responsive web applications using HTML5, CSS3, JavaScript, React.js, Tailwind CSS and Bootstrap.
- Ensured cross-browser compatibility and responsive layouts across desktop, tablet, and mobile devices, maintaining consistent user experience.
- Implemented **state management** and dynamic UI updates in ReactJS, ensuring smooth user interactions and predictable application behavior.
- Optimized application performance through lazy loading, code splitting, and asset minification, resulting in significantly reduced page load times.

PROJECTS

E-commerce | [Live](#)

- Built an e-commerce frontend using ReactJS, delivering pixel-perfect, responsive interfaces with a strong focus on layout, spacing, and usability across all devices.
- Implemented global state management using Redux Toolkit for an e-commerce application, managing products, cart.

News Website | [Live](#)

- Developed a responsive magazine web application using React.js, HTML5, and Tailwind CSS.
- Implemented global state management using React Context API, including API-based data fetching and a custom light/dark mode theme.

EDUCATION

Gandhi Engineering College

Bachelor of Technology in Computer Science Engineering – CGPA: 7.2/10.0

Bhubaneswar, India

2015 – 2019
